SONGREGISTRATION™

Thank you for using our registration services! Your songs are now registered with SongRegistration. The above document is your Affidavit of Registered Songs for your uploaded material.

Your songs, as listed, as well as your Affidavit, are now securely archived on our servers should you ever need verification of content and submission dates in a copyright dispute. Your titles will also be listed in our online Song Libraries within 48 hours to serve as public notice of your registrations.

To verify your listings (after allowing up to 48 hours for songs to be listed), click the "Find Songs" tab at the top of our pages, then hover over the "Finding Songs" bar for instructions for finding your songs.

The actual FILE NAMES of your songs as archived are listed in BLUE. Their TITLES are listed in RED below each file name. **Please make sure there is a BLUE FILE listed for each title** (and that their file sizes are approximately correct — **and not listed as ZERO**).

[Ignore random X's in the file names. They temporarily replace punctuation symbols while archiving files and will NOT appear in your titles.]

Only songs with a red title AND blue file name (with file size above zero) are registered.

Copyright Notice: Although it is generally no longer required, we suggest you indicate on CD's and all printed and/or online material this notation:

"Copyright [Year] [Your Name] (sr-certified.com)"

You can also include (c) by the word "Copyright" -- although this is not required.

Example: **(c) Copyright 2018 John Doe (sr-certified.com)**

Finally, since we owe our company's success to people like you, we'd appreciate you telling all your music friends about your positive experiences with our registration services.
